A Rights-Based Response to the Needs of
Street and Working Children

Organised by:

- *ISSOP (International Society for Social Pediatrics and Child Health) &
- *ICANCL (Indian Child Abuse and Neglect & Child Labour Group)

Main goal: Convene a 2 day working session where child health care professionals & organizations, child welfare practitioners, researchers and child rights advocates, engage and participate in addressing the critical issues that impact street and working children, and develop a strategic framework that attends to the rights and needs of these children.
