Copenhagen

Annual meeting 2007

Trieste, Italy, 13-14 September 2007
Stazione Marittima

Health Systems and Child Health : lessons from cross-country comparisons

This meeting will provide, through cross country comparisons and case studies, a better understanding of how health system related factors may influence a variety of health outcomes. Specific attention will be paid to children with special needs and discussion will also concentrate on the policy implications of the various types of health systems and service delivery strategies

There will also be a pre-meeting course held September 12, 2007 (9 am – 5 pm) on:

**Evaluating health systems performance in
promoting and protecting child and adolescent
health**
